THE DIRECTORS of the Kildonan and St. Paul's Agricultural Society, in presenting their Twenty-sixth Annual Prize List, desire herewith to express their deepest appreciation of the liberal support received from the St. Paul's and Kildonan Councils, as also from the business men of Winnipeg, but we most sincerely desire a liberal patronage from the Farmers and Gardeners of Kildonan and St. Paul's and surrounding districts, not in contributing alone, but in attendance at the Exhibition, and the bringing of exhibits to make the show interesting and attractive, as the attraction to our Fair has always been the products and work displayed in an attractive manner. Having increased our Prize List, we sincerely hope that there may be a general rally to keep up our reputation as the leading Show in the Province, and make it also the best School Fair held in 1920. We can do it with your help. We would like your attention drawn to the Cottage Garden Competitions, which will be held the first week of August, also the Standing Crop Competitions, consisting of two acres of potatoes, and the School Garden Competition held at the same date. Come! Join! Help! and make 1920 our best.

The Exhibition will be held on the Society's Grounds, Kildonan East, on September 2nd, 3rd and 4th.

E. G. McBAIN,
President.

S. R. HENDERSON,
Secretary-Treasurer,
R. R. 4, Winnipeg.

General Rules and Regulations

1. The General Rules and Regulations of the Society, except those prescribed by the Agricultural and Immigration Act, shall be as follows:—The price of admission to the grounds will be 25 cents for each time of entering, and for children under fourteen years of age, 15 cents; and each person must be provided with proper tickets before entering.

1a. All persons contributing \$1.00 or upwards before September 1st, 1920, will be given one admission ticket.

2. The entry ticket upon articles will admit the person bringing them to the show building for exhibition, along with such articles, on their first entering without the use of any other ticket, but afterwards such parties must be provided with regular passes or tickets, or they will have to pay the regular admission fee.

3. \$1.00 membership entitles exhibitor to make 20 entries. For each additional entry 5 cents will be charged, except poultry, where each single bird will be charged 35 cents entry fee.

4. All entries must positively be in the hands of the Secretary-Treasurer by Saturday, August 28th. All entries after that date will be charged 10 cents each.

5. All inside exhibits and poultry must be on the grounds not later than 10 a.m. on the first day of the Exhibition, and stock, etc., before 10 a.m. on the third day. Judging will commence as soon as judges report after 10 o'clock first day, and 10 o'clock third day. Articles or stock must be ready for competition at the hours stated, or exhibitors will forfeit their right to exhibit in competition for a prize.

6. No person shall be allowed to remain in the building during the placing and judging of exhibits unless requested by officials in charge.

7. Any exhibitor shall, if requested by directors, make statutory declaration that all exhibits shown by him are shown within the Rules and Regulations of the Society; should any exhibitor, upon request, refuse to make such declaration, all premiums awarded him shall be forfeited, and he shall be disqualified as an exhibitor for the term of two years.

8. In the absence of competition in any section, or if the stock or article be of an inferior quality, the judges are instructed to award only such premiums as they think the article deserving of. They will exercise their discretion as to whether they will award the first, second or any prize.

9. The judges may recommend articles, although not on the Prize-List, and the Directors will take the matter into consideration; any prizes so awarded will not be counted in competition for points.

10. No person will be allowed to interfere with judges while in the discharge of their duties, and exhibitors so interfering will forfeit their right to any premium to which they might otherwise be entitled.

11. All inside articles may remain in the building until the evening of September 4th, when exhibitors are requested to take charge of same.

12. Entries may be sent post-paid to the Secretary-Treasurer, but must be in his hands not later than August 28th.

13. No exhibit to be shown with name, mark or initial.

14. Any infringement of the Rules and Regulations will be punished by withholding the prizes, expulsion from the Society, or both.

15. The Directors will take every possible precaution under the circumstances to ensure the safety of the articles sent to the Exhibition, and should any article be accidentally injured, lost or stolen, they will give all the assistance in their power towards the recovery of the same, but they will not make any payment of the value thereof, neither will they pay anything on account of special prizes which winners may be unable to collect.

16. A meeting of the Directors will be held after the show to hear and decide any complaints or grievances that may have arisen in awarding the prizes. Protests must be made to the Secretary-Treasurer in writing before 5 p.m. on the third day of the show, and must be accompanied by a deposit of Two Dollars, which will be forfeited to the Society if the protest is not sustained.

17. Upon the receipt of the Provincial Grant, the Secretary-Treasurer will proceed to forward to all parties having been awarded prizes the amount due them, and any person not receiving the same before the 15th of November is requested to communicate with him.

18. Judges on inside exhibits and poultry are requested to report themselves at the Exhibition Hall at 10 a.m. on the first day of the exhibition, and those on stock, etc., at 10 a.m. on the third day.

19. The first prize ticket will be Red; the second Blue; the third White; and the fourth Yellow.

20. Articles on exhibition shall not be handled except by the officers having charge of the department to which they belong; and in order to have all articles conspicuously arranged, competitors will favor the Society by themselves coming at an early hour; so as to give the Directors time to have the said articles properly arranged. All officers will be at their posts at 9 a.m.

21. Exhibitors of horses and cattle will be required to produce the animals in the ring, for the purpose of being judged, when called upon by the Directors in charge, or they will forfeit their right to any premium to which they might otherwise be entitled.

22. Exhibitors receiving tickets for prizes in goods will be expected to **present them** to the donors within thirty days after receipt thereof.

23. In cases where special prizes set by Directors are not competed for, the Directors will award these prizes to successful exhibitors in other sections, so that all special prizes will be taken up.

24. Meals will be provided on the grounds at reasonable rates.

25. The Directors wish attention called to the Prize List being open to competition to all Rural Municipalities, and extend a cordial invitation to become members and compete for prizes next Exhibition.

26. There will be a number of attractions on the afternoon of the second day of the Exhibition—programmes announcing them and prizes will be printed later, and can be had from the Secretary-Treasurer one week before the Exhibition.

27. Intending exhibitors please remember the Secretary-Treasurer will not accept any new entries on the second day of the Exhibition; the Directors must have this rule complied with.

28. In cases where ladies compete for special prizes, the ladies must make such entries separately in their own names, and the exhibits in all cases must be their own work.

29. That articles in the Ladies' Department, Class 25, having previously taken three prizes at this Exhibition, will be barred from being exhibited for competition.

30. The Directors wish to draw the attention of exhibitors and all visitors to the fact that inside exhibits will be open to the public for inspection on the evenings of September 2nd and 3rd. Poultry will be ready for inspection by visitors on the evenings of September 2nd and 3rd, also during the days of 3rd and 4th.

31. Parties wishing Prize Lists can obtain them from the Secretary-Treasurer.

POULTRY—NOVICE CLASSES

Class 13a

Prize Money same as in Class 13.

Exhibitors will be considered novice only when they can qualify under the following conditions:—

Any person who has never won a first prize at any of the following shows or midsummer exhibitions: Winnipeg, Brandon, Assiniboia, Transcona, Kildonan and St. Paul's; providing also that such exhibitor is a resident of the Province of Manitoba and is the bona fide owner of the birds exhibited.

SWP

SWP means Sherwin-Williams Paint (prepared). This is the best paint for you to use because it is made of pure materials—pure lead, pure zinc, pure linseed oil, and pure coloring pigments which are thoroughly mixed and ground in scientific proportions by powerful machinery.

It is better than the old-fashioned hand-mixed paint because the materials are put together according to correct chemical formulae which have been tested out in a practical way. Its fine grinding makes it cover nearly 50 per cent. more surface than hand-mixed paint.

SWP is an economical paint because it will cover the greatest amount of surface, wear longest and look best. Ask us for color cards.

STILL ADVANCING

We are in no way connected with the great act of "demobilization." There has been no armistice between us and the industrial life of Western Canada. We are still advancing, but with whole batteries of "Magnet" Cream Separators in lieu of machine guns. Our munition plant is busy night and day in turning out bullets of butter. We issue no casualty lists because "there ain't none." Every man and woman who serves with us is a better man and woman from the day they know the

"MAGNET" Cream Separator

the greatest labor-saving and food-conserving machine ever introduced into Dairy Farming, and they will give it you.

DAIRY WOMEN know that the "MAGNET" bowl and one-piece skimmer is easily washed sweet and clean in less than five minutes—a saving of from 10 to 15 days' labor each year over the time required to properly wash the disc kind.

MAGNET ALWAYS SKIMS CLEAN

because its bowl is supported at both ends, cannot wobble, and therefore will do perfect skimming for a lifetime. Dairy men and women can avoid all "misery" by buying the up-to-date "Magnet" Cream Separator.

"Facts are chiefls that winna ding, and canna be disputed."

After nearly 18 years' constant use on Canadian farms, the "Magnet" has established beyond the shadow of a doubt that its square gear drive and ball-bearing adjustments are unequalled as an effective piece of dairy mechanics and has nothing in front of it in lasting quality.

“What To Give The Boy Who Came Back?”

We are getting that question every mail, and many times each day in both our stores.

The answer is—a Watch—there's nothing else so ideally fills the bill. A Dingwall Watch is particularly suitable, as it is so certain to give a lifetime's satisfactory service.

Have it engraved with a suitable inscription and a handsome monogram, and see how proud he will be.
